DETAILED ACTION

Response to Amendment

1. The amendments filed 11/14/05 and 12/21/05 are improper under 37 CFR 1.173 (b) and (d). In a reissue application, added subject matter **relative to the patent** (i.e., not relative to previous amendment) should be underlined and subject matter to be deleted **relative to the patent** should be bracketed (i.e., no strike-through). For example, since claim 9 is a new claim (i.e., not in the original patent), it should always be totally underlined, whenever it is submitted. This also applies to the amendment to the specification. The amendment to the drawing filed on 11/14/05 is also improper since under 37 CFR 1.173(b)(3), the figure must be identified as "Amended."

Reissue Applications

2. Claims 2-4, 6, 8-9 and 11-17 are rejected under 35 U.S.C. 251 since the original patent is now expired due to nonpayment of the maintenance fees.

Claims are rejected as being based upon a defective request to reissue the expired patent under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) is set forth in the discussion above in this Office action.
